

Are You Called to be a Priestess on Purpose?

Greetings Beloved,

Are you ready to fully show up in your role as a **Priestess in Passionate Service** to the world? Are you called to be in sacred space with a committed group of sisters? This is your invitation to join 13 other initiates in an immersive inner mystery journey which empowers you with tools to deeply connect with the sacred and live a soulful, meaningful, full-spectrum life!

Rooted in the Avalonian mysteries, this training provides a **profound alchemical crucible** to explore the many faces of the Divine Feminine in a deep, loving, co-created circle with inspiring initiates. This circle fully supports each woman throughout the expansive and sometimes difficult transformation that will take place throughout the year.

In this work you will:

- ❖ Explore 13 different archetypes or faces of the Divine Feminine to understand the places where you already embody RADIANCE and also those places where you could grow and stretch into new aspects of your femininity
- ❖ Cultivate an "inner" ear that can listen deeply into the silence for your own deep intuitive voice
- ❖ Establish and sustain a direct connection to the Divine to nourish your soul and provide a source of deep meaning and renewal.
- ❖ Heal core wounds that keep you living small and instead step into your radiance as an empowered Priestess
- ❖ Learn to follow your joy! Practice spending more time cultivating those things that fill you with joy, energy and ecstasy!
